Client Testimonials

GARDNERS BALM After purchasing your Gardeners Balm, which you call a first aid in a tin, I found the conditions of my hand improve immensely. I am an avid gardener and suffer from scratches and abrasions as I am always trimming fruit trees and bushes. I usually have at least one small cut happening and they become inflamed. However I couldn't believe the difference when I used the balm prior to gardening, it seems to protect my hands and arms from scratches and if I do get caught, they don't become inflamed. I just love it and thought I should let you know. Thank you and please keep on making this great product.
Sue Brady. Sydney. N.S.W.

GARDNERS BALM My husband recently purchased a tin of your Gardeners Balm for my birthday as I love gardening. I am always getting into trouble from him or not taking care of my nails and protecting my hands in the garden. He bought me some gloves but I usually forget to wear them. My fingers are fairly susceptible to becoming infected after a big day gardening however since I have started using this terrific antiseptic balm I no longer have a problem and the condition of my skin has also improved greatly. Please let me know where I can obtain it closer to home.
K. Henning, Buderim. Qld. 2008.

ORIGINAL SKIN BALM My husband is a farmer and has had a terrible time with splits and cracks in his hands and feet. The results were absolutely amazing, we simply couldn't believe how fast the cracks started to heal. Within a short time they had closed completely. We are so grateful for having found something that finally worked.

ORIGINAL SKIN BALM My hands dried out and the tips of my fingers cracked open and would not heal. This interfered with every single thing I did that involved touch. I tried healing these splits but every time I touched anything they would open up again sending sharp pains through my hands.

For two years I tried every cream, lotion, ointment, prescription and old wives remedy I could find, but nothing, even anti-biotics had no effect. Then one day my partner gave me a little tin of your Beeswax and lavender Balm and I gave it a try. Within a couple of days some of the splits were showing signs of healing and within a month all of them had healed completely. The skin had returned to its normal healthy state.

I am thrilled beyond words at this outcome. I am convinced that your Beeswax and Lavender Balm is a miracle in a tin. My fingertips, nails and cuticles are now soft and supple and all the scar tissue has gone. Thanking you with the utmost sincerity.

Little Buzz BABY BALM Thank you for introducing us to Little Buzz baby balm . After the birth of our twin girls we have used it exclusively and found it great. It has kept their bottoms free from any nappy rash and has also healed scratches, dry skin behind their ears and helped heal mosquito bites.
Shane & Barbara Jordan, Gympie. Qld.

Little Buzz BABY BALM I wanted to write and tell your company what a difference your Balm has made to my skin and in fact to my everyday life. I am 85 years old and have a terrible problem with fingers and toes. I started using your Hand and Nail balm on my hands and fingers and found great improvement in the skin texture and healing of cracks, My toes were in dreadful state with skin peeling between them. I use to have to wear toe pads. I started using the balm in this area and no longer have to wear the pads between my toes. It has made such a big difference to my daily routine. It was very difficult having to bend to do my toes. The skin between my toes has completely healed and my hands and nails never looked better.

CELLULITE DEFENSE BALM I was recently given your Cell-u-lite balm from my Mum . She told me I must use it because it really works. With the instructions to vigorously rub my legs twice a day for two weeks as I will then see results. I am a manager of a elite hairdressing salon in Brisbane and often try new product.Usually I give up after using something new for 1 week thinking that this doesn't work. But after my Mums enthusiasum about this product I perservered and am absolutely delighted to see my cellulite diminish. Can I please have another container to maintain this fantastic result. Thank you so much.
Bree Armstrong. Brisbane Sept. 08

CELLULITE DEFENSE BALM After having my second baby I decided to try a cellulite product and chose your Cell-u-lite Defence Balm just 2 weeks ago. I was a little skeptical as most treatments don't seem to work on me. However I am just astounded at how fast my cellulite is disappearing and to my delight my stretchmarks started fading in just two days. I cant believe how quickly it has had an effect. I will be telling my friends about this great product. I have to tell you I just love it.
T Johnson, Brisbane. Qld. 2008

CELLULITE DEFENSE BALM I recently purchased your Cell-u-lite Defence Balm . I have to tell you that I am absolutely amazed at how quickly and effectively your Balm worked on my legs. The cell-u-lite has vanished on the lower half of my thighs and the upper section is decreasing daily.
